

Marquette Catholic High School

Parent Network 2009-2010

The Marquette Parent Network gives all parents an opportunity to be more aware of their child's social life. The network also helps parents to get to know each other. It is important that parents know that parents of their child's friends share the same values that they do.

Marquette will publish a list of the names and addresses of all parents who are part of the network. Parents who are in the Marquette Parent Network should feel comfortable communicating with each other.

See the other side of this form for the promise that parents who are part of the Marquette Parent Network make.
