Required: 25 hours of community service

All students are required to complete 25 hours of community service at Marquette Catholic High School. Hours must be completed by May 1, 2010. Evidence and/or documentation of the experiences are turned in directly to the principal's office when the student completes the total requirement. Opportunities for approved service projects may be found @: nwivolunteer.org. All other projects must be pre-approved in writing (email) by the principal. jwhite1117@att.net
Fall 2010: The Service Design Team will be releasing our newly adopted service procedures and portfolio requirements. All students will be required to complete a cumulative portfolio outlining their service work during their high school years. The portfolio offers students a structured presentation for college entrance presentations and interviews.
