Questions to ask the reps:

- When are your application deadlines (early app deadlines)?
- What assessment (SAT/ACT) scores are most desirable in a student?
- What should I not forget to include in my application that could set myself apart from others?
- Do you offer any financial aid or scholarships?
- How many students attend? What major is most popular?

Why is an On-Site Application Day important for Seniors??

- Even if an IUSB, PNW, or IVY TECH is not for your student - the PROCESS of sitting with an advisor and applying to a post-secondary school is an incredibly useful tool for all. This can tell you immediately (if necessary) how you could strengthen your schedule, scores, application - to become the best candidate for any school. My advice is to sit for one.
