We afford students opportunities to develop a personal relationship with Jesus and a love for His church. We challenge students academically, socially, and spiritually.

Belief Statement

In everything we do, we believe in challenging the traditional way of educating our students. We believe in thinking critically and inspiring them to do the same. We do this by encouraging them to be driven, to be global, to be passionate, to be connected, to find faith, to discover God, and to work for the Common Good. We ask our students to embrace high expectations, to become exceptional, and, ultimately, change the world.
