Marquette High School SCRIP Program

**Coordinator: Sarah Williams, sarah.williams@marquette-hs.org
website: RaiseRight.com Enrollment code please email for code**

The "Raiserright" SCRIP program allows you to purchase gift cards for face value then receive a rebate percentage from each card. Those rebates earned from SCRIP will then be applied quarterly to any outstanding fees and tuition. There are no refunds or returns for unused SCRIP profits. Profits generated beyond tuition cost will be used to support the SCRIP program. Please surf the Raiserright website to familiarize yourself with all the available vendors and the rebate % they afford and to see just how you can start earning!

Still not completely clear how this works...if you purchase a \$100 Kohls gift card to purchase items at Kohls you will receive a 4% rebate for that cards purchase. Then when it is time to credit your account at the end of the semester you will receive \$4 in tuition credit for that particular card. Imagine the possibilities, that is only from 1 card. We have many families within our school who purchase SCRIP every week and then receive several hundred dollars in tuition credit each semester just for purchasing cards to buy things you would have bought anyway! AND you receive face value for the cards!

Setting up an account is easy... Go to their website or set up their mobile app and select "Join Program" then enter our enrollment code from the top of the page and complete all of the fields to finish setting up your account. It is necessary to register a checking account as payment (\$.29 transaction fee) or you are able to pay with credit card (2.6% transaction fee). It may take a day or two to register your payment method before you are able to make a purchase. Or scan the QR below.

In "Settings" you can enter the name of the student you are fundraising for so your tuition rebate will get applied correctly for each quarterly rebate OR now you can choose to benefit a teachers classroom, sport or club.

Encourage your relatives and friends to enroll in SCRIP on your behalf.

SCRIP hard card orders are placed weekly. Order deadline is Sunday at 11:59 PM. Choose "Ship to coordinator". SCRIP orders will be sent home with your student by Thursday while school is in session. Summer orders will be available for pick-up in the main office by Thursday AM. There are also SCRIP NOW and re-loadable cards that can be purchased and reloaded online at any time as well. The Raiserright app allows you the ease of adding to cards and receiving e-cards in an instant!
